

Description

*Dante network speaker, with built-in Dante audio module; POE power supply, audio data transmission, control signal transmission through the network cable.

Feature

- *Built-in Dante module.
- *Built-in amplifier module, system efficiency > 70%.
- *Support DSP control software operation.
- *Support network PoE power supply mode.
- *Support overcurrent protection, high temperature protection, overload protection.

Model	TS-P8806D
Input Interface	RJ-45
Audio Input Type	Dante™
Cable Type	Cat-5 or above
Output Power	20W/8Ω(support 80W/4Ω Max)
Transmission Rate	100M/1000Mbps
Frequency Response Range	20Hz-20kHz
Sensitivity	95dB 1.0w/1m
Sound Pressure Level	112dB(Peak)
THD	<0.30%
S/N	>100dB
Ground Noise	<200uV
System Efficiency	>70%
Protection	Overcurrent protection; high temperature protection; overload protection
Heat Dissipation Method	Natural convection cooling
Dimension(H×W×D)	323×210×221mm
Weight	5Kg
